Charter for the elimination of Violence Against Women

The Charter for the Elimination of Violence against Women is a document unique of its kind in Palestine; it expresses the official commitment of the President Representative for Governorates Affairs H.E. Gen. Hajj Ismael Jaber and the 11 Governors for combating Violence Against Women in Palestine.

The Charter, made up of 10 principles, is the outcome of workshops hosted in the context of Welod 2 Programme, funded by the Italian Cooperation and implemented in partnership with the Ministry of Women Affairs. The workshops were held in the Tawasol Centers in the 11 Governorates, and involved over 200 women, civil society organizations, governmental institutions and the Office for the Governorates Affairs.

The Charter highlights the real needs and requests of both Palestinian women and men for putting an end to Violence Against Women (based on gender discrimination) that in 2013 caused the death of 28 Palestinian women.
